

KAVASSU EZY PUMP AID

Real
Revolution

INTRODUCTION :

SHALIMAR SEAL & TAR PRODUCTS PVT. LTD. is pioneer in Manufacturing / Marketing well known Shalimar brand high performance construction chemicals and waterproofing products. Various product segments are given below :

- WATER REDUCING ADMIXTURES
(PLASTICIZERS & SUPER PLASTICIZERS)
- CURING COMPOUNDS
- INTEGRAL CEMENT WATERPROOFING COMPOUNDS
- JOINT FILLERS / SEALANTS
- FOAMING/ RETARDERS/ ACCELERATING/ AIR
ENTRAINING AGENTS/ HYPER PLASTICIZERS
- GROUTS & ANCHORS
- INDUSTRIAL FLOORINGS
- INSULATION PROTECTION

- SILICON SEALANTS
- ADHESIVES / TILE GROUTS
- WATERPROOFING CEMENTITIOUS
- ACRYLIC WATERPROOFING COATINGS
- DAMP PROOFING COARSE / EXTERNAL WALLS SEALANT
- PRIMERS / MISLENEOUS COATINGS
- ROAD EMULSION / FILLERS / GENERAL & INDS. BITUMEN
- APP & SBS MODIFIED MEMBRANES & BITUMEN FELTS
- ANTI CORROSIVE / RUST REMOVER & CONVERTOR
COATINGS

All products are manufacturing by India's biggest Plant of its kind. M/s. Shalimar Seal & Tar Products Pvt. Ltd., an ISO 9001 accredited company having a highly equipped in-house Research & Development laboratory with ultra modern facilities for manufacturing a quality product under technical guidance & specifications provided by both Shalimar Seal & Tar Products Pvt. Ltd. & M/s. Kavassu International Pvt. Ltd. Products are backed by world's leading company NILE WATERPROOFING COMPANY Egypt, ISOLTEMA SPA, Italy & CAPITAL UNITED, Canada. All products are timetested with varying climatic conditions through out India and have got very strong history of service and case studies in various application areas viz-a-viz construction of Buildings, Factories, Harbors, Dams, Canals, Bridges Atomic, Thermal, Hydel Power projects, Tunnels, Sub-way Boxes, Tube Railways, Roadways, NHAI etc. Shalimar's have got a wide range of products includes some special products, which are obviously not in our product range because of their end use in specific applications. Details can be provided on request. All products are manufacturing by using indigenous as well as imported raw materials to meet out the international quality standards & design to combat water and dampness in structures. All products are easy to use, environment eco-friendly and provide the user a very cost-effective remedy to sort out the problems, which unless and until considered unsolvable.

PRIMER FOR LUBRICATION OF CONCRETE PUMP & PIPELINE

GENERAL

All products are time-tested with varying climatic conditions throughout India and have got very strong history of service and case studies in various application areas viz-a-viz construction of Buildings, Factories, Harbors, Dams, Canals, Bridges Atomic, Thermal, Hydel Power projects, tunnels, Sub-way Boxes, Tube Railways, Roadways, NHAI etc. Shalimar-Kavassu have got a wide range of products including some special products, which are obviously not in our product range because of their end use in specific applications. Details can be provided on request. All products are manufacturing by using indigenous as well as imported raw materials to meet out the international quality standards & design to combat water and dampness in structures. All products are easy to use, environment eco-friendly and provide the user a very cost-effective remedy to sort out the problems.

DESCRIPTION

KAVASSU EZY PUMP AID is specially formulated anionic polymer for the lubrication of concrete, pumps, hoses and pipeline prior to concreting works.

APPLICATION

One pack of KAVASSU EZY PUMP AID is mixed with 30 liters of water either in drum or in the hopper of the concrete pump till greasy condition is achieved. Mix the solution to further 200 Ltr. of water for approximately 2 minutes and pump this mixture through complete pipeline ahead of the concrete.

ADVANTAGES

KAVASSU EZY PUMP AID is a cost-effective replacement for slurries made from bagged cement. It creates a thin lubrication film inside concrete pumps, hoses and pipeline to reduce friction and prevent blockages.

KAVASSU EZY PUMP AID

Real
Revolution

KEY BENEFITS ARE:

Reduce friction and line pressure there by increasing ease of pumping.
Lubricates Tools, lessen friction and wear.
Easily introduced into pumping equipment.
Environmental friendly product.
Does not effect concrete.
Small quantity required.
Reduce risk of blockage.

TECHNICAL DATA

Physical property : White Crystalline Powder
Shelf life : 18 months if kept in unopened and stored above between 5°C and 35°C
Packing : 200 gm pouch
Storage : Store in dry place
Health & safety : Non Toxic and Non-inflammable ,eco friendly
Base : Blended and Anionic polymers

PRECAUTIONS FOR USE

Products manufactured / marketed by Shalimar Seal & Tar Products Pvt. Ltd. are generally harmless. Avoid prolonged contact with skin. In the event of contact with skin, wash with clean water immediately and seek medical advice

ENVIRONMENTAL HAZARD

Eco friendly

QUALITY ASSURANCE

As per ISO 9001.

DOSES

KAVASSU EZY PUMP AID dose in pouch of 200 gms. each. Delivery pipe length (m) diameter.

	10m	20m	30m	40m	50m	100m	150m	200m
50m	1	1	1	1	1	2	2	3
65m	1	1	1	1	1	2	2	4
75m	1	1	1	1	2	2	3	5
100m	1	1	1	2	2	3	4	6
125m	1	1	1	2	2	3	5	7

However dosage may vary according to the site condition (Consumption may increase if the pipeline has more bends, Unions or vertical transport.

COMPARATIVE STUDY

How KAVASSU EZY PUMP AID saves you money?
(with respect to 100 m pipe length of 50 mm pipe dia.)

Cement, Fly ash, sand cost	Rs 850/-	----
One pouch of primer cost0	----	Rs 299/-
Mixing process cost	Rs 120/-	Rs 25/-
Cost of Transportation	Rs 200/-	----
Diesel cost of in entire duration of priming	Rs 250/	----
Total	Rs.1420/-	Rs. 324/-

PACKING

KAVASSU EZY PUMP AID is supplied in 200 gms pouch in boxes containing 100 pouches
